* Tuition and fees may be higher or lower depending on a student's program of study. The estimates in these tables are based on figures for the College of Literature, Science and the Arts. Additional information regarding tuition and fees:

** Living expenses are also referred to as "Food and Housing". The housing portion for on and off campus students was calculated based on a weighted average of university housing costs using prior year contract numbers, adjusted for the approved increases in housing rates. The food portion is based on the unlimited meal plan cost. For commuters, living expenses are based on the same annual increases applied to a reduced housing figure plus an unlimited meal plan and \$200 per term for incidentals. Prior to 2023-24, these costs were referred to as "Room and Board" and were based on the standard double-occupancy rate and Standard Meal Plan rate.
