**UNIVERSITY OF MICHIGAN - ANN ARBOR  
FACULTY AND STAFF HEADCOUNT SUMMARY**

**Notes:** This report is constructed such that all faculty and staff are counted only once based on the official count date of November 1. Regular Instructional (tenured, tenure-track and not-on-track faculty with the ranks of Professor, Associate Professor, Assistant Professor, or Instructor, and Lecturers) and Regular Clinical Instructional counts are based on appointments effective as of November 1 and include both paid and unpaid appointments.

All other counts are based on a paid appointment as of November 1 and include employees with a status of active or on leave with pay. Persons are counted in the job family of their primary job title which, in a few cases, may not be the job family of their paid appointment. Because the Hospital campus is a part of the Ann Arbor Campus in the data set, Ann Arbor Campus and Hospital appointments are based on the job location of the employee's primary appointment. M Premier Care, Executive VP Medical Affairs and Michigan Health Corporation are counted with the Hospital Campus. The Medical School is included with the Ann Arbor Campus counts.

(1) The Regular Instructional Not on Track group includes Professors, Associate Professors, Assistant Professors and Instructors not on the tenure track. Prior to 2007, faculty who are now counted in the regular instructional not on track group would have been counted in the tenure-track group. In 2007 new job codes were created to reclassify some faculty from tenure-track to not on track.

(2) In 2022, a new job family JF=15) was established for librarian/curator/archivist appointments, removing these individuals from the Primary job family (JF=20), which now includes only research faculty.

(3) Staff counts for prior years have been restated to reflect the current organizational structure in order for trend analysis.

Supplemental Instructional includes the adjunct and visiting titles of regular instructional and regular clinical instructional faculty, and adjunct lecturers.

Primary Faculty includes the research professor track, the research scientist track, archivists, curators and librarians.

Supplemental Primary includes the adjunct and visiting titles of these faculty.

**IMPORTANT:** The above Supplemental Staff counts include job titles held by individuals who are also included in student counts. When combining faculty, staff and student counts it is necessary to exclude the graduate student instructors, graduate student research assistants, graduate student staff assistants and house officers (prior to 2010) from the faculty and staff count totals to avoid counting these individuals twice. The following numbers represent faculty and staff counts for the Ann Arbor Campus and Hospital excluding these job titles:
