General Fund: Includes those economic resources of the University which are expendable for the purpose of performing the primary missions of the institution -- instruction, research, and public service; supporting programs of academic support, student services, institutional support, operations, and maintenance of plant and scholarship and fellowships -- and which are not restricted by external sources or designated by the Board of Regents for other than operating purposes.

Designated Fund: Consists of funds internally designated, but otherwise unrestricted. Expenditures are for special projects designated by the University Board of Regents or approved by University Administration. Sources of revenue for the Designated Fund are Revenue from Departmental Activity, Internal Rebill, University Investment Pool income (UIP), Royalty Income, and Distributions from Endowment.

Auxiliary Fund: Used to group business activities that are financed by the University to provide services and support for itself.

Expendable Restricted Fund: Consists of funds whose use is restricted for specific purposes stated by the supporting agencies or donors, including separate special-purpose state appropriations, income from endowment funds, federal contracts and grants, and other gifts, grants, and contracts.
